Crayon Collection

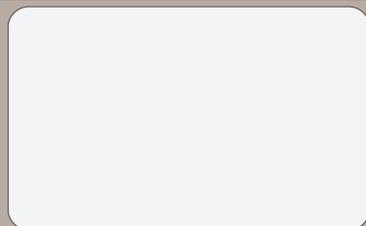

The details are the very source of expression in architecture. But we are caught in a vice between art and the bottom line.

ANTI FINGER

The surfaces, worktops, edges and storage spaces have been perfectly matched to each other visually. The high-quality laminate convinces with a velvety-soft feel, which is also fingerprint-repellent and has a high resistance to scratches and micro-scratches.

Applications and Notes

Tested:
All tests are carried out as per international standards.

Maintenance:
Clean with mild soap solution or any household detergent. Abrasive cleaning substances should not be used.

Order:
While placing an order always specify the design number or name along with the finish.

Note:
The samples pasted in the catalogue represent the color pattern and not the actual thickness. There may be slight variations in shades from different batches as this is a chemical product. The product must be inspected prior to application and our liability will be limited to the extent of the cost of the product.

- Do not use chemicals for cleaning.
- Avoid direct Sunlight / continuous light. This may cause color fading.
- Extra care is required in vertical pasting of laminate sheets as there is possibility of bubbles due to lack of uniform pressure.
- Cuts and cracks at the corners may occur by improper conditioning, improper bonding or poor planning. Avoid all these to prevent cracking at corners.
