# WHAT'S INSIDE ACRYLIC?

## INFORMATION

### No Guarantee in any circumstances

Like crack, bubble, color fade and color variation. Please check material when delivered.

- No guarantee & no exchange in any circumstances.
- There can be color variation in material from different batches.
- It is advised to use same batch material to avoid color variations.
- Actual colors of the laminate sheet may vary from this brochure.

 Please open the roll immediately. Do not pressurize while opening roll.

 Shake it well and lightly spray on the surface.

 Wipe the surface clean using a light circular motion.

# FAQS

## CAUSES OF YELLOW PATCHES AND COLOUR FADING AFTER INSTALLATION:

-  If hot cookware or utensils are directly placed on the laminate
-  Use of inferior or sub-standard dipped plywood or dipped lipping patti, which may chemically react with the adhesive
-  The use of synthetic rubber adhesives such as SR / Jat Pat, Bostic, Heatx, etc.
-  Prolonged exposure to high temperature (above 30°C-35°C)
-  Exposure to direct sunlight can gravity affect a laminated appearance

## REASONS FOR AIR BUBBLE FORMATIONS ON LAMINATES:

-  Insufficient or lack of pressing during the bonding period of laminate
-  Debonding in certain areas because of uneven substrate surface
-  Laminates are bonded in extremely humid conditions
-  Use of water base synthetic resin adhesive any other than PEVA (Polyethylene Vinyl Acetate Co-polymer)
-  When substrate loses moisture after installation

**Note:** SHORE warrants that all its products are free from manufacturing defects and perfectly ideal for use in normal conditions. In case of any manufacturing defect SHORE is liable for product cost only.

### SHORE is not liable for any complains in the following cases

- Colour variation from batch-to-batch production.
- Improper handling of product or any transportation damage.
- Improper installation of product.
- Outdoor applications.
- Exposure of laminate sheet to direct sunlight.

### We are liable only on acrylic products not on plywood, glue and other material for installation.

- It is advisable to check the batch number to avoid colour variation.
- SHORE is not liable for any complaints if the product is not properly handled or installed. Maintain according to given guidelines.

Available Size :  
2440mm X 1220mm ( 8ft X 4ft)  
**Thickness : 1.5 mm (± 10%)**

## ABOUT SHORE

SHORE emphasizes on latest trends in living space designs providing brilliant Acrylic sheets. Our quality makes our sheets a great pick over other metallic and decor materials. The coated sheets allow you to create beautiful and exceptionally durable spaces. We believe in our team of creative heads focused to deliver art which is both high-quality and economic for the end-user to enjoy luxuries which could pass for a dream! We promise to deliver only the best!

Disclaimer : There can be colour variation in the material from different batches. It is advised to use same batch material to avoid colour variations. Actual colours of the Acrylic laminate sheets/Acrylic Edge banding may vary from this brochure.

**WATER & STAIN PROOF**

Our 6h acrylic sheets are manufactured to repel water and stains for a long time.

**1.5mm THICKNESS**

advanced processing procures the right amount of manufactured thickness which provides forever strength to the laminate sheets.

**DURABILITY & STRENGTH**

Our acrylic sheets developed with technologically advanced processing are Anti-Scratch and stain resistant.

**IDEAL FOR VERTICAL APPLICATION**

The exemplary adhesion properties enables our collection of acrylic sheets to be presented in vertical

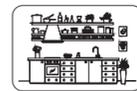

**TERMITE & BORER FREE**

The advanced sciences enables our acrylic sheets to fight against termites and borers for several years.

**LIGHT WEIGHT**

The flawless design structure of our acrylic sheets are engineered to be extremely light weight and easy to apply.
